Inmates are responsible for maintaining the established quantities of the approved items. Excess items will be considered contraband and will be disposed of in accordance with ADOC AR 306, *Contraband and Evidence Management*.
 2. The Property Control Officer or designee shall require the inmate to sign ADOC Form 338-A, *ADOC Inmate Property Sheet – Institution* or ADOC Form 338-B, *ADOC Inmate Property Sheet – Work Release* to verify the issue. Refusal to sign the form shall be sufficient grounds to deny that item.
 3. Upon completion of any issue or removal of inmate property, a copy of the written itemized inventory list will be distributed as follows:
 - a. The inmate.
 - b. The inmate's institutional file.
 - c. The institution's Property Control Officer.
 4. The institution's Property Control Officer shall retain inmate property sheets.
- C. Any property not listed on Annex A, *ADOC Inmate Personal Property – Institutions* or Annex B, *ADOC Inmate Personal Property – Work Release*, shall be deemed contraband and disposed of in accordance with AR 306, *Contraband and Evidence Management*, with the exception of health care appliances.
- D. Inmate Property Acquisition: Inmates will be permitted to acquire authorized personal property. Inmates are required to keep all receipts on property items purchased for proof of ownership for as long as they maintain the property item. Inmates will be required to keep all personal property in their assigned locker or issued laundry bag.
1. Level II Institutions and above:
 - a. Inmates will be allowed to purchase canteen items within the institution's allowable limits.
 - b. Items not available through the Canteen must be purchased from an approved vendor.
 - c. Property or any other item of value received through the mail must comply with procedures in AR 448, *Inmate Mail*.

2. Level I Institutions:

- a. Inmates may purchase or acquire authorized personal property from vendors in the community.
- b. Property may also be acquired from family or friends as authorized by the Warden and in accordance with Annex B, *Inmate Personal Property – Work Release*.

E. Institutional Transfer:

- 1. Prior to the transfer of an inmate, the sending institution must inventory the inmate's state-issued and personal property. The Property Control Officer/designee will ensure an inmate is transferred with three (3) sets of uniforms. Shortages of state-issued clothing will be resolved between the Wardens/designee of the sending and receiving institutions.
- 2. All authorized inmate property (both state and personal) must fit within an ADOC issued laundry bag. In lieu of an ADOC issued laundry bag, three paper grocery bags may be utilized.
- 3. All state-issued property shall take precedence in packing. The inmate will ordinarily pack their own property. Any property which does not fit into the storage limitations listed above will be deemed contraband and sent out at the inmate's expense, or disposed of with a record maintained of the disposition.
- 4. During emergency moves or transfers (e.g., to segregation) or when it is not feasible to have the inmate pack their own property the inmate's property shall be inventoried on ADOC Form 338-A, *ADOC Inmate Property Sheet – Institution* or ADOC Form 338-B, *ADOC Inmate Property Sheet – Work Release*, and secured by the Property Control Officer/designee.
- 5. The receiving institution shall conduct an inventory and verify ADOC Form 338-A, *ADOC Inmate Property Sheet – Institution* or ADOC Form 338-B, *ADOC Inmate Property Sheet – Work Release*, upon arrival of the inmate, to ensure that all property is accounted for and authorized. If the receiving institution finds a discrepancy between the sending institution inventory and the inventory conducted upon arrival, an incident report must be completed noting the difference between the two property inventories. A copy of the incident report will be sent to the respective Wardens/designees for appropriate resolution.
- 6. Disposition of Hobby Craft and Hobby Craft Tools: The sending institution will ensure that the inmate's hobby work and hobby work tools are inventoried and secured prior to transfer to another institution. Items shall be mailed out at the inmate's expense, picked up by a designated party, donated to charity, or the sending institution will dispose of the items according to AR 306, *Contraband and Evidence Management*.

7. In the interest of effective property management and fire safety concerns, institutions shall limit the amount of personal legal papers that an inmate may maintain in their possession to documents relevant to current cases.

F. Temporary Absence: When an inmate is temporarily off grounds (e.g., out to court, infirmary, and free-world hospital) the property must be inventoried, secured, and stored. Space shall be provided for storing the property of the inmate safely and securely until their return to the institution.

1. Inmates who are scheduled to be temporarily held at an ADOC institution for a court appearance or admitted to an ADOC infirmary will be transported from the sending institution with appropriate medications and hygiene items, e.g., soap, tooth brush, tooth paste, shaving powder, comb, and clean undergarments.
2. Inmates may require some or all medical appliances when temporarily off grounds. If any medical appliance raises a security concern, it will be evaluated, in conjunction with contract medical services. Special needs of inmates with disabilities shall be accommodated during transport.
3. When an inmate is out to court and subsequently released from the ADOC, they will have thirty (30) calendar days in which to advise the institution, in writing, as to the desired disposition of his/her property. Failure to notify the institution within this time frame shall result in the property being disposed of in accordance with AR 306, *Contraband and Evidence Management*.
4. Inmates who escape from the custody of the ADOC shall be deemed to have abandoned their personal property. The property that is not claimed by an inmate or next of kin within one year of an inmate's escape shall be disposed of in accordance with AR 306, *Contraband and Evidence Management*.

G. Parole or End of Sentence (EOS):

1. Upon the legal release of an inmate from the ADOC, the inmate shall be allowed to take all personal property listed on ADOC Form 338-A, *ADOC Inmate Property Sheet – Institution* or ADOC Form 338-B, *ADOC Inmate Property Sheet – Work Release*, with the exception of durable health care equipment not considered personal property, which must be returned to contract medical services at the time of discharge. The inmate and the Property Control Officer shall sign the inventory form.
2. Personal property will be returned to the inmate at the time of their release, if applicable. Staff will ensure that state property does not leave the institution. Refusal by the inmate to sign the inventory will result in forfeiture of property.

H. Inmate Death:

1. Upon the death of an inmate, it will be the responsibility of the Warden/designee, to ensure that all of the inmate's property is inventoried and secured. The officer conducting the inventory will complete and sign ADOC Form 338-A, *ADOC Inmate Property Sheet – Institution* or ADOC Form 338-B, *ADOC Inmate Property Sheet – Work Release*. A copy of the inventory will remain with the items.
 2. Once approved by ADOC I&I, the deceased inmate's property will be released to the inmate's next of kin. The person designated as next of kin must sign for any of the inmate's property received. Failure of next of kin to claim the property within thirty (30) days will result in its disposal.
 3. Property may be mailed to the next of kin by certified mail/return receipt at their expense, unless sufficient funds are available in the inmate's account. The ADOC does not accept liability for property damaged through the mail.
- I. Upon determination that an item is contraband, it will be documented and disposed of in accordance with the provisions of AR 306, *Contraband and Evidence Management*.
- J. Personal property may be limited, or removed altogether, during an inmate's period of assignment to administrative or punitive segregation. Unauthorized property will be disposed of in accordance with AR 306, *Contraband and Evidence Management*.
1. Inmates may require some or all medical appliances while in segregation. If any medical appliance raises a security concern, it will be evaluated, in conjunction with contract medical services.
 2. Special needs of inmates with disabilities shall be accommodated while in segregation.
